## Feature Story

### Together We Grow: Studying God's Word

"We are family", "I just don't want to leave", "this is my church", are the comments heard during these beautiful times as we gather together. These weekly Bible studies are times where we pray together, study God's Word, share testimonies and fellowship around snacks. One university student shared how God

has used the word spoken to renew courage in her heart to openly share the gospel again. The pain of rejection from a friend she had shared with in the past had caused her to stop sharing. Hearing the words "don't be afraid" were life giving to her soul.

Testimonies like these bring us great joy spur us on in the work for the Kingdom.

## Team Spotlight

### Prayer Focus

Please pray with Henry and Lena Knelsen for the adoption process of Hosea. After a lot of time, money and rejection from their lawyer, they continue to trust God to make a way.

Please pray for John and Susie Neufeld as they study to learn the Thai language.

### Family Conference

Recently we held yet another family conference in a local church. Topics like child training, marriage, and family life are much needed and appreciated. We hope to continue these conferences locally and abroad.

## From brother to brother: God's Word goes forth

"I have waited years for this moment" came the heart felt words of the Asian believer that now held a Bible in his hands for the first time.

This is the case for so many, and we praise God for the thousands of Bibles that we have been able to distribute to those hungering to read God's Word. In the past two months alone we have distributed just over 700 Bibles to believers.

Behind the scenes, we have teams from all over the world leaving the comforts of their homes and countries, purchasing tickets and making many an hour flight to come help us make these distributions possible. We express heartfelt gratitude for all the hands that labored with us in this ministry.

As a result of believers around the world making these sacrifices, thousands who otherwise did not have a copy of the Bible can now read it. And we pray the end result would be much fruit and more souls for the Kingdom of God.

### Community Spotlight

## Suffer the little children to come unto me

Thanks to the help of many willing hands, hundreds of orphans have received much needed care. Volunteers came from far and sacrificed greatly as they poured out the love of Jesus on these dear little ones. With hundreds of orphan children and not enough staff, scabies and lice were

running rampant. It was not an easy task but our volunteers labored, scrubbing dirty bathrooms, performing lice treatments and manually washing blankets. Their love brought light into the darkened eyes of little children. May the Lord reward you richly.
