Isaiah 55:10, 11

God's Word in Their Hands

With English Camp in progress at a Buddhist government school, we took the opportunity to share the gospel with about 350 children. We shared class by class using a 5 colour Gospel presentation. For most of these children it was the first time they had ever heard the Gospel.

We also took the opportunity to hand out hundreds of 101 Bible Story books. Watching children read with great interest.

We also had privilege of handing out these Bible story books at a local orphanage.

We praise God for these wonderful opportunities.

Hard to Reach Places

With over 850 Bibles distributed in the last two months in difficult to reach places, we have a great awareness of the continuing need.

Persecution in these places is very real. Christians face fears of being caught in christian activity and being seen with foreign believers. Despite their fears, they continue obeying God's Word and following His ways.

Please pray for our persecuted brothers and sisters.

What's Happening Behind the Seams

This beautiful ministry was born through the need of local village women to help provide an income for their families, since the father is either no longer in the picture or else an alcoholic. Right now, we are teaching the basics of sewing and with time the women will sew products to sell for an income.

In our last class, we made pillows as a multi purpose project, learning basic seams and a wonderful take home, as poverty left some without even a pillow.

Two of the women have begun attending church as a result of our time together, for which we greatly rejoice.

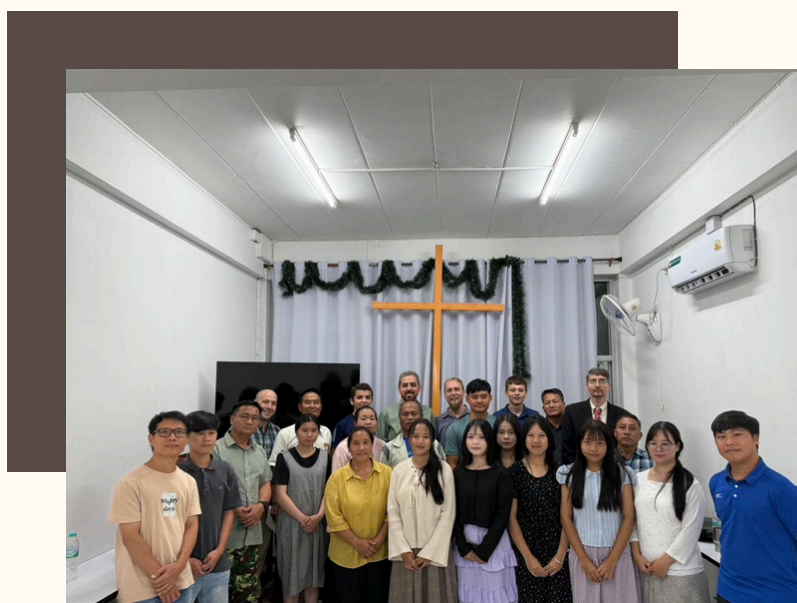

"I have never been treated like this before," said Noi,* as she wept.

Please pray for the salvation of each of these women and thier husbands.

Holy Spirit Conference

We were privileged to host a conference on the topic of the Holy Spirit. This being a topic of much controversy here in Thailand. Pastors from local churches attended, as well as students from a local Bible school.
