

THAILAND

FURTHERING THE KINGDOM

HOW BEAUTIFUL UPON THE MOUNTAINS ARE THE FEET OF HIM THAT BRINGETH GOOD TIDINGS

We rejoice greatly as, in the past two months, we were able to distribute over 700 copies of God's Word in hard to reach places.

Although many Bibles go out regularly, the need is still very great.

We have teams coming from many different parts of the world every month to make these distributions possible.

Please pray for God's hand of protection over our local contacts and for the safety of our teams, so this work may continue unhindered.

VOICES ON THE RECEIVING END

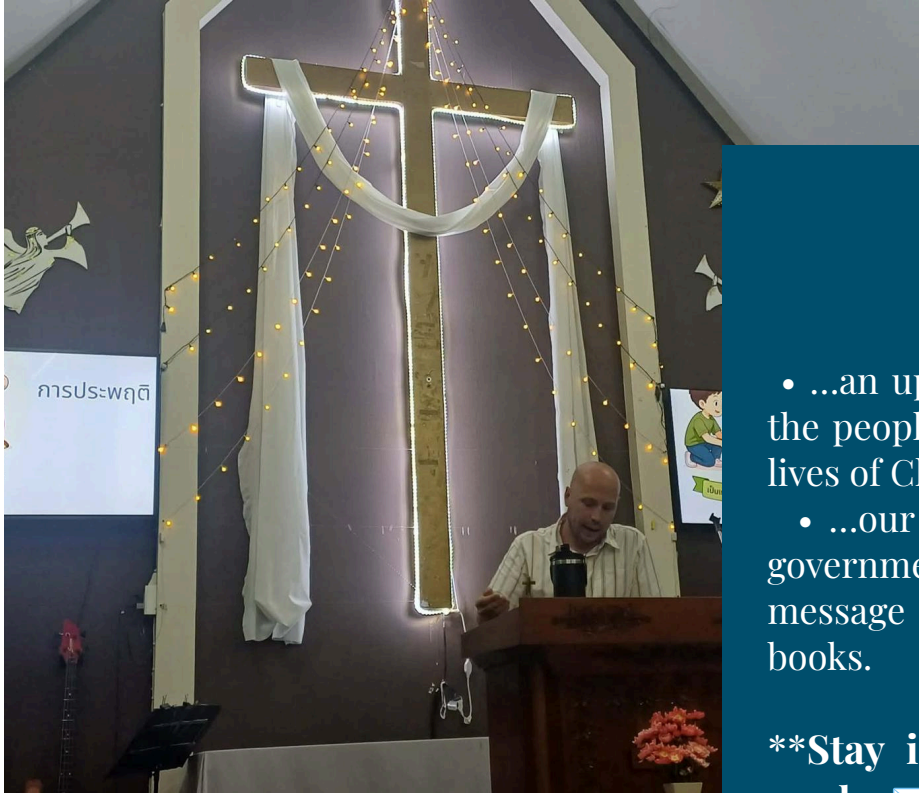

"The Bibles (we are receiving) are all for the new believers," Says one Pastor. "Most of the families only have one (Bible), which is just for the new believers. The (other) families in this church don't have any yet."

"In this region that I'm from," says a Pastor receiving Bibles, "we need about one thousand Bibles. This is just a small branch."

"Pray for the Bibles that we need for the believers and new believers in the village." Says another Pastor, "We are just simple people and simple farmers. And (please pray) for the new church I planted. We are in need of Bibles. One Bible is shared between two and three people."

GO YE THEREFORE AND TEACH ALL NATIONS

PLEASE PRAY FOR...

- ...an upcoming conference, teaching the people about the Holy Spirit in the lives of Christians.
- ...our upcoming trip to a Buddhist government school to share a Gospel message and hand out Bible story books.

WORKERS ON THE FEILD

THE NEW TEAM MEMBERS

John and Susie Neufeld along with their children have been serving along side Henry and Lena Knelsen in Thailand for 5 months now. We are thankful for how well they have adapted to the culture and hot tropical climate.

One of the main focuses for them right now, along with Bible distribution and connecting with our local Thai Bible study group, is language study. They are currently enrolled in Thai immersion classes. Please pray for them in that, as the Thai language is very difficult to learn, being a tonal language, along with many other challenging aspects.
